**10350-527**

Date of Issuance:  
**NOV 14 2013**

Term of Issuance: **UNCONDITIONAL**

Name of Pesticide Product:  
 Propylene Glycol Monocaprylate

NOTICE OF PESTICIDE:

XX Registration      Re-registration  
 (under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

3M Corporation  
 3M Center, Bldg. 22-6E-03  
 St. Paul, MN 55144

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA Sec. 3(c) provided you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA section 3(c)(5) and section 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the following label change before you release the product for shipment: Revise the EPA Registration Number to read, "EPA Reg. No. 10350-527".
3. You must submit an acceptable Guideline Study: OCSPP 830.6317 (Storage and Stability) and OCSPP 830.6320 (Corrosion Characteristics) within 18 months from the date of this registration notice.
4. Submit three (3) copies of the revised final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA Section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Signature of Approving Official:

Robert McNally, Director  
 Biopesticides and Pollution Prevention Division (7511P)

Date:

11/14/13

<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Propylene Glycol Monocaprylate is a broad spectrum antimicrobial agent only for further formulation into the following uses:

1. End-use pesticide products to control fungi or bacteria that cause decay of post-harvest fruits and vegetables.
2. Antimicrobial end-use pesticide products.
3. Products for specific uses not listed on the product label, if the formulator, user group or grower has obtained US EPA Registration of their proposed pesticide formulation(s) prior to marketing.

#### WARRANTY STATEMENT

Unless otherwise prohibited by law, 3M disclaims all express and implied warranties of merchantability, or fitness for a particular use, that extends beyond the statements made on this label, and any implied warranty arising out of a course of dealing, performance, custom, or usage or trade, except of title.

Except where prohibited by law, 3M will not be liable for any loss or damage, whether direct, indirect, special, incidental or consequential damages, including, but not limited to, lost profits or business opportunity. If any Propylene Glycol Monocaprylate is proven to be defective, 3M or its authorized distributor will replace or, at its option, refund the purchase price of this product. These are your exclusive remedies. You must promptly notify 3M or the authorized distributor within sixty days of discovery of any suspected defect in the product and return the product.

Batch Code: NOV 14 2013

Lot Number: Under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 10350-527

#### PRECAUTIONARY STATEMENTS

**Hazards to Humans and Domestic Animals**  
**CAUTION:** Cause moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

#### Environmental Hazards

Do not contaminate water when disposing of equipment washwater or rinsate. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

#### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

**Pesticide Storage:** Store product in a cool, dry area out of direct sunlight and under lock and key. Always store pesticides in the original container.

#### Pesticide Disposal and Container Handling:

Wastes resulting from the use of this product must be disposed of on site, or at an approved waste disposal facility.

**Nonrefillable container.** Do not reuse this container to hold materials other than pesticides or dilute pesticides (rinsate). After emptying and cleaning, it may be allowable to temporarily hold rinsate or other pesticide-related materials in the container. Contact your state regulatory agency to determine allowable practices in your state. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available.
